About Time.

Some people are peculiar in the matter of buying a Watch. A silver Watch is good enough for one man so long as it keeps good time. Another one wants something a little more showy—a gold one,—but it, too, must keep good time. Some want a high-priced Watch, others a cheaper one, but after all everybody wants a correct timepiece. We selected our stock with time in view, and can sell you a high, low or medium-priced Watch—and any of them will keep time—the essential point.

We repair Watches so that we can guarantee them to keep time. Charges low.

Dangers of the Grip.
The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for La Grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by J. James Wood, Druggist.

"TROUBLE IN DE LAM."

A Complaint From the Sixth Ward That Needs Looking After.

THE LEDGER this morning was handed the following note by a resident of East Second street:

"Thursday evening about 6 o'clock a man by the name of Gardner, who lives near Tullahoma, was drunk, riding through town as fast as his horse could go, and he came and went three or four times, hollering, whooping and made some boys run into a pond. There were no officers in sight or hearing.

"This is not the worst. Boys on Sunday kick chickens and have dogs and cat fights.

"There is no use of an officer up here; at least it looks so to a man up a tree."

[Note: The electric strutters are running; there is telephone connection with the office of the Chief of Police; and when these disorders occur and are so prolonged, it's a wonder some one wouldn't telegraph for an officer. At least it looks that way to a man who is not up a tree.—Ed. LEDGER.]

Haverin traveled as an itinerant Minister in the Kentucky Annual Conference, and was for 16 years copartner for the American Bible Society. His wife, who was Miss Hattie A. Burns, and two children survive. The funeral took place yesterday morning at Augusta.

From Cripple Creek.

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only being coming more settled. After using three small bottles of Chamberlain's Cough Remedy, both the cough and cold left me, and in this high altitude it takes a meritorious cough remedy to do any good.

THE GREAT CONTEST.

The "Blues" Are a Hustling Lot of Fellows, and Are Sure Winners.

Following is the way the first round stood when time was called last night at 10 o'clock:

BLUES.....100.....3

REDS.....100.....5

Every membership ticket issued by the "Blues" dates from the time you pay your money.

Captain Cox told us yesterday that we were good representatives of our colors—we all looked so blue. Well, we were so sorry for the good natured Captain and his army that it was enough to make even an Indian cigar sign look blue.

Several young men who are holding off because they have not the \$5 just at present are not consistent in their talks. They have been to almost every show that has been at the Opera-house this season, and we are satisfied that they are set holders of yearly complimentary.

If they have money to go to shows with, they certainly ought to save enough to become a member of the Y. M. C. A.

Yesterday was really the first day of the great membership contest for the Y. M. C. A. on which any real work was done by the "Blues" and "Reds," and while the "Blues" did not capture all those in the city who were not members already, they succeeded in convincing their opponents that they were in the fight to win. Captain Kackley has the boys worked up to a realization of their duty, and when the first quarter post is reached the "Blues" will be found waiting for their opponents.

What's still a puzzle to us is how the "Reds" can have the nerve to represent a color when they have to issue another color of membership tickets. When asked how they were going to get around it, one replied that they were issuing red ones, showing his application card. He forgot that those cards make application for a blue membership ticket, and that there are no red ones. The "Blues" issue no counterfeits. The blue card is similar to everything, with a large, large-colored disc of blue monochrome and three stars thrown in for good measure.

Some one is going about telling the young men that it costs \$5 to get into the Y. M. C. A., and then they are made to pay 35 cents for towels, 25 cents for a key to the gymnasium and have to pay \$1 or \$3 for a suit in which to practice. In fact, they say that instead of \$5, it takes \$5 or \$10 to become a member. All of which is as false as it is possible for a human to make up. The "Blues" will issue any young man a membership ticket for \$5 and guarantee that he can take part in all the privileges, and the only additional cost will be the purchase of a gymnasium suit, and that will be long to him, not to the Association.

Commencing Monday, March 15th, you can get a regular meal at Roper's New Era for 25 cents.

It has been said that the reason that the 17th of March is always spoken of as "St. Patrick's Day in the morning" is simply because no true Irishman ever remembers what takes place that day after noon.

ALARMING INCREASE.

How Chickens Multiply For Some Poultry Dealers in the County.

It is told of one of the men who were engaged in the raid on the Messrs. Betts' chickens a few nights since, that he had one hen and a rooster, and sold as many as twelve at fifteen dozen chickens in a single season at their increase.

This is something like the story that used to be told of Bill Ferrel, the tailor at Washington, many years ago.

It was said that he would buy a half-dozen chickens in the summer and turn them loose and shoot chickens the whole season thereafter.

Ferrel was a great wit and wag, who was raised at Herrisburg, in the valley of Virginia, and used to work for Jimmie Buggers when he came on here and al Washington.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney, kidneys, liver, bladder and every part of the urinary passages. It corrects inflection to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes the unpleasant necessity of being compelled to go up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists; price 50 cents and one dollar. Get a small bottle and pamphlet, both sent free by mail, mention THE PUBLIC LEDGER and send your full Postoffice address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

WHAT TO DO.

There is comfort in the knowledge as often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages.
